To whom it may concern:

It is with pleasure that I recommend Mrs. Kelli Frazier as principal in the Queen Creek Unified School District. I have served as Mrs. Frazier's supervisor for three years and worked with her for five. During this time, Mrs. Fraizer has held multiple leadership roles on campus including: reading specialist, data specialist and dean.

Mrs. Frazier has many leadership strengths. One of these is that she can be counted on and trusted to accomplish tasks of her job requirements and others. She is often found supporting the music staff as they prepare for a music performance or the PTO as they arrange for a school-wide carnival. She is found on the playground in the morning and in the cafeteria at lunch helping the adults and creating a positive environment for the students. She is present, visible and accessible to serve her stakeholders.

Another strength of Mrs. Frazier is her ability to influence others to perform at a high level. Mrs. Frazier walks-the-walk and has high expectations for herself, but can work with staff, students and community members to help them to achieve more. Mrs. Frazier can bring excitement and positivity to activities she is involved in, yet, she is always professional and expects accuracy in regards to items like testing for which need to be met with an eye of scrutiny.

Mrs. Frazier knows the community. I often turn to Mrs. Frazier as I may not know a student well enough during meetings with children. Mrs. Frazier is also able to know families well enough to call and have a meaningful conversation with the parents as she is a trusted and valued member of the community.

I believe that GPA staff already lean on and utilize Mrs. Frazier in a leadership capacity and they would be behind her as a team. For all these reasons, I recommend Mrs. Frazier for a leadership position. Please contact me with questions as needed: 480.474.6930.

Sincerely,

Allison Carmichael
